▲ ATLASSIAN Unleashing the Future of Teamwork | AAAI 2026

About Atlassian

Atlassian's mission is to **unleash the potential of every team**. Our tools—Jira, Confluence, Loom, and Rovo—are the heartbeat of modern collaboration for 300,000+ customers. We aren't just building software; we are building the **Teamwork Graph**: the world's most comprehensive data set on how people, goals, and outcomes connect.
Rovo & AI

The **Rovo & AI** organization is the specialized engine room of Atlassian's intelligence layer. We are the architects of **Atlassian Rovo**, our flagship AI-agentic platform that transforms how teams find, learn, and act on organizational knowledge across their entire enterprise.

- **Find & Learn:** Solving high-scale Semantic Search and Knowledge-Grounded Chat challenges using advanced RAG architectures.
- **Act:** Building a marketplace of AI Agents that automate complex workflows—from project management to "Rovo Dev" coding assistance.
- **The Mission:** We move beyond basic LLM wrappers to build Agentic Systems that understand context, take action, and self-correct across diverse SaaS ecosystems.

💼 Open Roles: Join the AI Frontier

We are seeking brilliant minds to join us at this pivotal moment in our AI journey. We have open headcounts for both Individual Contributors (IC) and Leadership roles.

Role Type	Position	Locations
Individual Contributor	ML Engineer (MLE)	🇺🇸 US, 🇸🇬 Singapore, 🇨🇦 Canada
Individual Contributor	ML System Engineer (MLSE)	🇺🇸 US, 🇸🇬 Singapore, 🇨🇦 Canada
Management	ML Manager	🇺🇸 US, 🇸🇬 Singapore

Our teams specialize in GenAI modeling, LLM fine-tuning, RAG, agentic orchestration, context engineering and high-performance ML infrastructure.

- **Work Anywhere:** We are Distributed-First. You choose where you work best—at home, in our world-class hubs, or a mix of both.
- **High Impact, Low Ego:** Join a team that values technical excellence and "No BS" communication.
- **The Data Edge:** Access unique datasets on human collaboration that you won't find anywhere else in the industry.
